General Information

The property is located approximately halfway down Springfield Road and is a short walk away from all town centre amenities. Springfield Road is considered to be one of the most sought after locations in the town and is made up mostly of Victorian and Edwardian properties.

Sometimes the moment you walk through the door of a property it just 'feels right' and we expect that is exactly the feeling you will get when you view this lovingly presented home. The property has been much improved by the present vendors who have sympathetically extended, updated and refurbished the house; Improvements have included refitting the bathroom, creating a shower room and a superb kitchen/breakfast/family complete with lantern roof and Velux windows, have been added to the rear of the house.

On the ground floor: the entrance hall, with wood flooring, leads to the sitting room with a shuttered bay window, recently installed wood burner and a continuation of the wood flooring. The dining area is of a good size and also features wood flooring and doors to the shower room and cellar. The stunning kitchen/breakfast/family room has been fitted to a high standard and the room is flooded with light courtesy of the lantern roof, Velux windows and bi-folding doors. The kitchen features quality appliances which include 2 x Neff ovens, a Neff hob and extractor hood and an integrated Neff washing machine and dishwasher. The cellar benefits from natural light making it suitable for a wide variety of uses including a home office, additional reception space or a bedroom.

On the first floor: A landing area leads to the stylish refitted bathroom and bedrooms. Bedroom 1 is a lovely light room with 2 shuttered windows and extensive built-in wardrobe space. A further staircase leads to the second-floor attic bedroom, which is of a good size and features built-in wardrobes and eaves storage.

Outside
The property is set back from the road, partly screened by mature hedging. The split-level rear gardens have been attractively landscaped for ease of maintenance. A large, brick wall/fence screened patio area is accessed by the bi-folding doors from the Kitchen/breakfast/family room, making it the perfect spot for alfresco dining. The remainder of the garden is laid to lawn and a large shed/workshop, with power and light connected, provides excellent storage and access to the rear off-road parking area. Springfield Road also benefits from residents' permit parking.
