## General Information

The property lies close to local shops and is not far from the open countryside and the beautiful National Trust Ickworth Park. The town centre is also close at hand being around 1.2 miles and can be reached by a regular bus service or on foot. The A14 is also within easy reach, providing links to Cambridge, Ipswich, Norwich, London and Stansted Airport via the A11/M11.

The accommodation is particularly spacious on the ground floor and whilst the property requires elements of updating, there is an attractive fitted kitchen, a separate utility room, WC and both the sitting room and dining room are of a good size. As the family bathroom is situated on the ground floor, the three first floor bedrooms are all of a decent size.

The property benefits from majority replacement Upvc sealed unit double glazed windows and heating is provided by a gas fired central heating system, with a relatively modern boiler.

As previously mentioned the house is set within a good sized corner plot. Many similar properties in the immediate area have been substantially extended and whilst this property already has a single storey extension to the rear, it is not unreasonable to assume that planning permission could be sought to further extend the house.

### Outside

The gardens which extend to the front, side and rear of the house are mainly laid to grass. A driveway provides parking for several vehicles and gives access to a good sized detached garage. A timber shed situated to the rear of the garden provides useful storage.

### Directions

From the town centre proceed along Westgate Street crossing over the roundabouts into Out Westgate. Continue straight over the traffic lights into Horringer Road and continue to the top of the hill. Turn right into Bristol Road and bear left. Turn left at the bottom of the road and the property will be found in the far left corner as indicated by our For Sale board.
