General Information

The property is situated close to the centre of this pleasant Suffolk village, which features a shop/post office, primary school, public house and church. The well served village of Ixworth is located approximately 5 miles away and the historic market town of Bury St Edmunds is approximately 13 miles away. The thriving and picturesque market town of Diss, with its main line rail link to London, is just 11 miles to the North.

We loved everything about this house and are confident you will too. In addition to being extended the house has also been well maintained and thoughtfully modernised – making it perfect for family living.

On the ground floor: The entrance hall with refitted cloakroom off, gives access to the large sitting room which has an open fire. The kitchen and dining room are now open plan providing an excellent family space. The kitchen includes a range of fitted units and worktop surfaces. There is an integrated fridge freezer, oven, hob and hood. The dining room includes patio doors to the gardens and a connecting door to the utility.

The utility room houses the oil fired boiler and has a further door to the outside and a connecting door to the garage. Finally, the home office/bedroom 5 has an adjoining en suite shower room. Looking at the total space of the double garage, utility and bedroom, it is easy to see how this area could easily be adapted to provide a self-contained annexe facility (if required and subject of course to consent).

On the first floor: A spacious landing area gives access to 3 double bedrooms and a further single bedroom. The bathroom has been attractively refitted and is of a good size.

Outside

The front gardens are planted with a variety of shrubs and include a driveway providing ample parking and access to the double garage. A side access leads to the enclosed rear gardens, which afford an excellent degree of privacy and seclusion and back onto an area of paddock/farmland. Laid mainly to lawn the gardens are planted with mature shrubs and trees and include a patio area and ornamental pond.
