General Information

Westminster Drive is a sought after residential area located on the western edge of Bury St Edmunds. The property is well located with access to an excellent range of local amenities including, schooling for all ages, local shops, post office and the Bannatyne Health Club. The town centre is around 1½ miles away and can be easily reached by foot, car, cycleway or by regular bus service. The A14 is not far away and provides fast access to Ipswich, Cambridge and London/Stansted Airport via the A11/M11.

From the moment you step inside Linden House, you will appreciate that it has much to offer- large rooms, good ceiling heights and lots of natural light set the scene for very comfortable family living.

The property was built in the mid-1980s and has been owned since new by the present owner- testament if needed of what an excellent house it has been to live in. Whilst the house has certainly been extremely well maintained, there is potential for a little updating, making it perfect for anyone wanting to enhance a property whilst significantly adding to its value. There is also ample space to extend (subject to planning consent) so this house could be a fantastic starting point of your very own grand design.

Outside

The gardens are truly delightful and were certainly one of the features that attracted the current owner to Linden House. Extending to in excess of half an acre (STS), the grounds around the house offer excellent levels of privacy, with large open lawns and lovely tucked away secluded areas shaded by trees. If you like the idea of homegrown vegetables or fruit there is a large greenhouse and sizable garden shed/workshop with power connected. With recycling being an ever more important part of our lives, a 6000 litre underground rainwater harvesting tank has been installed. The property is well-positioned within the plot, with a deep frontage and a sweeping driveway, which provides generous parking for multiple vehicles. For those that have a special car or perhaps want a large workshop, there is a double garage with power and lighting connected.

If you are looking for a versatile family home set within large grounds, with space to work from home, be close to the open countryside and yet have good access to the town centre and local schools, don't miss out on this opportunity. Properties in this area are rarely available for long!
