The property, which benefits from gas-fired central heating and sealed unit glazing, in more detail comprises:

On the ground floor:

A welcoming entrance hall gives access to the cloakroom and the main reception rooms. The sitting room is a particularly comfortable space and features an open fire, with double doors opening through to the separate dining room, making these rooms ideal for both everyday living and entertaining. There is also a useful study, perfect for anyone working from home.

The large kitchen/breakfast room provides an excellent amount of space for cooking, dining and day-to-day family life. Leading off the kitchen is a practical utility room. From the breakfast area, patio doors open into the family room/garden room extension, a lovely additional reception space enjoying attractive views over the gardens.

On the first floor:

The first floor offers an impressive level of accommodation, with five bedrooms in total. Two of the bedrooms benefit from en suite facilities, making the layout especially well-suited to families or visiting guests. There is also a family bathroom. From the first floor, the property enjoys far-reaching views over the surrounding area and open farmland to the rear.

Outside:

As previously mentioned, the house stands in a generous plot, which is somewhat larger than neighbouring properties and is very well screened, which gives the property a lovely sense of space and privacy.

Set back a good distance from the road with a sweeping driveway, the property includes both a detached double garage and a further attached large single garage. The single garage was built with double skin, brick and block cavity elevations, so it would just need plastering to convert it into a more usable living space (subject to any additional building regulations). The remainder of the front gardens are laid to lawn, mature hedging and a driveway which provides both parking and turning for a number of cars.

A side access leads to the beautifully landscaped rear gardens, which enjoy a sunny aspect. The gardens are laid extensively to lawn and are planted with a variety of mature shrubs, trees and hedging. A sheltered patio area provides the perfect spot to relax and entertain. There is a timber-framed summer house towards the rear boundary, which in turn borders open farmland.
