## General Information

The house occupies a very pleasant 'tucked away' cul de sac setting, which is within comfortable walking distance of the town centre. Bury St Edmunds offers a superb range of Schooling, shopping, leisure and cultural facilities. The A14 is also within easy reach, providing links to Cambridge, Ipswich, Norwich, London and Stansted Airport via the A11/M11.

The property was built in 2002 and has been owned since new by the present vendor – testament if needed as to what a lovely house it is to live in. The property, which has NO ONWARD CHAIN, benefits from gas fired central heating and uPVC sealed unit glazing. We understand the boiler was replaced in 2022.

On the ground floor: The entrance hall with a cloakroom off, gives access to the kitchen, sitting room and dining room. The kitchen is fitted with a range of built-in cupboards and worktop surfaces together with an integrated oven, hob and cooker hood. There is ample appliance space and a door to the outside.

The separate dining room is a pleasant dual-aspect room which is large enough for a good-sized table or could be used as a 2nd sitting room/family room. The sitting room is another well-proportioned room with a feature fireplace and double doors which open into the conservatory/gardens room. The conservatory is a lovely space and the perfect spot to relax and enjoy the view of the landscaped gardens.

On the first floor: A light and bright landing area gives access to the family bathroom and all 3 bedrooms. The master bedroom includes a number of built-in wardrobes and has a smart en suite shower room.

### Outside:

The main gardens are formed to the rear of the property and afford a good degree of privacy and seclusion. The gardens, which enjoy a sunny aspect have been attractively landscaped for ease of maintenance and include 2 large raised circular flower beds and a variety of mature shrubs and trees. In addition to a sheltered patio area, there is a useful timber garden shed and a summer house. A side access leads to a parking area and a driveway leading up to the single detached garage which has light and power connected and side courtesy door.
