General Information

The property is pleasantly situated within the village of Drinkstone, which features a parish Church and an impressive village hall. The well served village of Woolpit is situated just under 2 miles away where a wide range of facilities can be found, which include a primary school, health centre, community centre, church, public house and a range of shops including a post office, mini-market, fish and chip shop and hairdressers. Drinkstone is situated approximately 9 miles east of Bury St. Edmunds and just 6 miles west of Stowmarket, which has a mainline rail link to London Liverpool Street.

Presented in excellent order, the bungalow offers well-proportioned accommodation and has been decorated in a neutral colour scheme which gives the property a lovely light and airy feel. This is further enhanced courtesy of the large windows. The property is served by oil fired central heating and there are sealed unit double glazed windows.

The large sitting room has triple aspect views and patio doors provide access to the rear gardens. The traditionally styled fitted kitchen features a comprehensive range of cupboard storage with ample work surface areas. As with many bungalows, the property offers flexible accommodation and bedroom 3 is currently serving as a dining room. The master bedroom, with ensuite, is of a good size, bedroom 2 is also a double bedroom and the main bathroom features a white suite.

Outside

Well screen from the road by mature hedging, a good-sized gravel drive is situated to the front of the bungalow, providing ample parking space and access to the carport and single garage, which has power and light connected. The front gardens are laid mainly to lawn and feature mature shrub and flower borders. If you love water and wildlife, you will love this bungalow! The delightful and secluded rear gardens feature a large natural pond. The remainder of the garden is mostly laid to lawn and a patio provides the perfect place to enjoy views over the pond and perhaps a spot of alfresco dining. For those that work from home, there is the benefit of a timber studio/home office.
