General Information

The property occupies a pleasant setting within easy reach of all village centre amenities. Elmswell is a thriving Suffolk village offering a range of facilities which include shops, post office, primary school, village hall, public house and church. For those needing to commute there is a railway station in the village and the A14 provides excellent links to Cambridge, Ipswich and London/Stansted Airport via the A11/M11.

Whether you are looking for a property to enjoy in your retirement years or simply somewhere with well-proportioned rooms and lots of extra storage space, this attractively presented semi-detached bungalow is bound to appeal. The property, which benefits from gas-fired central heating, has uPVC sealed unit glazing and a light, neutral colour scheme – adding to the feeling of light and space.

The entrance hall is large enough for a desk and is also perfect for anyone needing room to manoeuvre a wheelchair. There is a separate cloakroom and the former bedroom 3 has been converted into a very spacious shower room – again ideal for anyone with limited mobility. The former bathroom has been converted into a small study. There are 2 double bedrooms each with built-in storage.

The kitchen is fitted with a range of units and includes ample appliance space and worktop surfaces. There is an integrated hob and double oven together with space for a breakfast table. A door leads into the side lobby which has doors to both the front and rear gardens. There are also doors into the garage and a very useful utility/store room.

The sitting room is of a generous size and includes a feature fireplace and double doors which open into the large conservatory.

Outside

The gardens to the front of the bungalow are laid mainly to lawn and are enclosed by hedging. A driveway provides ample parking and leads up to the single garage which has light and power connected and an electrically operated automatic door. A side access leads to the enclosed rear gardens which enjoy a sunny aspect and a good degree of privacy. Laid again to lawn the rear gardens include a sheltered patio, raised borders/vegetable beds and a workshop.
