General Information

The property occupies a pleasant position on the favoured western outskirts of the town. This established setting is close to a parade of shops, a recreation ground and a variety of other local amenities including schools, West Suffolk College and the Sports Centre. The town centre is less than 1.5 miles away and provides an excellent range of shopping and recreational facilities. The A14 is also within easy reach and provides fast access to Ipswich, Cambridge and London via the M11.

Sometimes you step inside a property and it instantly feels like home and that is certainly the case with this bay-fronted semi. The property is understood to date back to the 1930s and, as is typical with homes of this era, has good ceiling heights, well-proportioned rooms and character features such as picture rails and stained glass.

The house has been extended on the ground floor multiple times and now provides a very flexible range of accommodation – making it perfect for family living. In addition to the spacious kitchen and 2 separate reception rooms is a very pleasant conservatory/garden room.

Leading off the dining room is a small lobby giving access to a shower room and bedroom 4. This room was originally designed for use by a dependent relative, but would equally work well as a play room or home office.

On the first floor: The light and bright landing area gives access to 3 good sized bedrooms and the family bathroom. The house is served by gas fired central heating and uPVC sealed unit glazing.

Outside

The property is set back from the road behind hedging. Much of the front garden has been hard landscaped to provide ample parking and access to the single garage.

The rear gardens are certainly a notable feature of the house and are of a very generous size. Laid extensively to lawn with a wide variety of shrubs and trees, the gardens include a large patio area, planted flower borders and an ornamental pond.
