## General Information

The property is located just off Springfield Road and is a short walk away from all town centre amenities. Sometimes the moment you walk through the door of a property it just 'feels right' and we expect that is exactly the feeling you will get when you view this lovely period home. The property is presented in excellent decorative order throughout and has been sympathetically updated whilst still retaining original features such as open fireplaces and sash windows. There is also the benefit of gas fired central heating serving radiators.

On the ground floor: The sitting room, with its open fireplace and attractive surround, has a lovely light feel to it courtesy of the bay window. The dining room offers space for a good-sized dining table and as with the sitting room, there is an open fireplace. Moving through into the open plan kitchen/family room and you will see why our vendors consider this to be their favourite part of the house. The attractive fitted kitchen features an integrated fridge, dishwasher and washing machine. Being open plan to the family room, which has french doors opening onto the rear garden, this area provides the perfect place to entertain or just relax and chill out. There is also the benefit of a utility room and stylish shower room situated off the family room.

On the first floor: The master bedroom features two fitted wardrobes and has a good-sized ensuite complete with a bath and separate shower. The second bedroom is also a double in size.

On the 2nd floor: The attic bedroom is another decent sized room with eaves storage and a Velux window provides plenty of natural light.

### AGENTS NOTE

The property has been extended and altered over the years and whilst the ground floor extension has building regulations, other works of an older nature do not, therefore a building regulation indemnity policy has been put in place.

### Outside

The property is set behind a low brick wall and the front garden has been landscaped for ease of maintenance. The enclosed rear garden is laid mainly to lawn and there are attractive shrub and flower borders, a good-sized patio area and a shed/workshop. The garage is located at the rear of the garden and has a personal door to the garden and up and over door to the street. There is also a small storage area to the side of the garage.
