**..AGENTS VIEWING NOTES**  
**\*\*\*KEY INFORMATION\*\*\*** Traditionally built, ex-local authority property. Mains water, electric, gas and sewerage connected. Council tax band B. There are covenants and easements on the title; we have a copy on file that states they have been filed on the original title. For this location, according to Ofcom, the following information is available: Broadband availability—up to Ultrafast (1800 Mbps); Mobile availability—limited mobile phone coverage across all networks. Based on the information currently available to the Coal Authority, a mining report is recommended for this property. The vendor has advised us that a car rolled down the bank and hit the front of

the house (left side), causing cracking to the external render and small hairline cracks in the kitchen. A structural survey has been undertaken, and it has been concluded that there is no structural damage beneath the render caused by the accident. They have advised making the smaller cracks slightly bigger and simply filling them in with the appropriate materials. The larger crack has been advised to hack off the render around the affected area, re-render, and pebble-dash the area. We are awaiting the structural survey report from the vendor.
