A well-presented terraced property situated in the popular market town of Cardigan, conveniently located within easy reach of the town, local schools, and amenities. The property benefits from four bedrooms, and a loft room, three reception rooms, and a detached two-storey outbuilding to the rear, making it an ideal family home.

Upon entering the property, you are welcomed into the entrance hallway, where a door to the left leads into the main living room. This space features a bay window allowing plenty of natural light to flow through, along with a feature fireplace fitted with a gas fire.

There is a further cosy sitting room with a half-panelled feature wall and a built-in television shelf, creating a comfortable and stylish living space. From here, double glass-panelled doors open into a sun room. Off this area is a useful room currently used for storing coats and shoes, but could easily serve as a study or home office.

A door from the second living room leads into the dining room, which has a couple of steps up to the kitchen. The kitchen is fitted with a range of matching wall and base units, complemented by a central island providing additional workspace and storage. There is also a useful cupboard housing the washing machine. To the rear of the property is a porch area with further fitted units and worktop space.

From the hallway a staircase leads to the first floor where there are three double bedrooms, one of which benefits from an ensuite shower room. There is also a single bedroom, currently used as a walk-in wardrobe, along with a family bathroom featuring both a separate bath and shower.

A further narrow staircase leads to the second floor, where there is a loft room with Velux windows allowing for plenty of natural light, along with useful storage within the eaves.

Externally, a door from the rear of the property provides access to a low-maintenance enclosed outdoor space, laid with artificial grass and featuring a hot tub. The current owners have also added a detached two-storey outbuilding which has been converted into a games room, where there is also a WC. This versatile space offers excellent potential and could also present an investment opportunity, subject to the necessary planning consents.
