An opportunity to acquire a distinctive home, offered to the market for the first time since its construction in the late 1960s. Influenced by German architectural design, this unique property is rich in character and provides well-balanced living accommodation, including two reception rooms, four double bedrooms, and a striking wrap-around garden with an orchard, extending to approximately 0.3 acres in total. Situated on the edge of Cardigan town, within walking distance of local amenities and just a short drive from a selection of sandy beaches along the Cardigan Bay coastline, this property would make an ideal family home.

Upon entering, you are welcomed by a bright hallway featuring a front-facing window and an attractive stone feature wall. The hallway leads into the kitchen, which is fitted with a range of wall and base units, complemented by a wood-panelled ceiling and a window overlooking the front aspect. From the kitchen, there is access to the garage and workshop, a separate utility room, and a WC, as well as doors leading to both the front and rear of the property within an enclosed hallway.

From the kitchen there is access into the dining room, which flows seamlessly via an opening into the living room which measures approx. 6.83m long - this space is for both entertaining and everyday living. Sliding patio doors from the living area open out onto the rear garden, allowing natural light to flood the space. The ground floor further benefits from a double bedroom with an en-suite shower room, as well as a sunroom offering lovely views over the garden.

To the first floor, a staircase leads to a galleried landing, where a glazed door opens onto a balcony overlooking the front of the property. There are three well-proportioned double bedrooms, one of which features an en-suite shower room, while the remaining two benefit from wash basins. A family bathroom completes this floor, fitted with both a separate bath and shower. Externally, the property enjoys off-road parking for multiple vehicles to the front, along with access to the garage. The impressive wrap-around garden is mainly laid to lawn and is enhanced by a variety of mature trees and shrubs, providing colour throughout the seasons. To the side, there is an orchard along with raised planters ideal for vegetable growing, a small pond, and a greenhouse. To the rear, a patio seating area spans the width of the property, offering an ideal space for outdoor dining and relaxation, with steps leading down to the lawn.
