

7b Ashley Road, Weston by Welland, LE16 8HR

£625,000

Situated in the picturesque village of Weston by Welland, this splendid detached house offers an impressive accommodation space of over 2,300 square feet. With a generous layout, the property boasts multiple reception rooms, providing ample space for both relaxation and entertainment. The five well-appointed bedrooms ensure that there is plenty of room for family and guests, while the four modern bathrooms add a touch of luxury and convenience. This home is superbly presented throughout, showcasing generous room proportions and classic charm. The attractive interiors are sure to impress, making it a delightful place to call home. Additionally, the property features a detached garage and carport, providing secure storage and parking options. Outside the property offers front and rear gardens with delightful views across the Welland Valley. Weston By Welland is situated a short drive to the town of Market Harborough offering an abundance of amenities, shops, schools and station with main links into London St Pancras. There is a strong sense of community in the village with an extremely popular pub and local parish. The absence of a chain means that you can move in without delay, making this an ideal opportunity for those looking to settle into their new home swiftly. In summary, this exceptional detached house on Ashley Road is a rare find, combining spacious living with modern conveniences in a picturesque setting. Whether you are looking for a family home or a place to entertain, this property is sure to meet your needs and exceed your expectations.

Service without compromise

Outside

The property occupies a pleasant position towards the fringes of the village and is set back neatly from the road with well established hedging to the front. There are both front and rear gardens that are extremely private and can be fully enclosed.

Garage & Carport

The extremely handy timber detached garage and carport provides ample parking or storage. There is a block paved driveway providing off road parking and access to the garage area. The garage has an electric garage door, power, light and loft storage. The carport is open to the garden area also benefitting from power and light. Behind the garage is an enclosed area housing the oil tank.

Front Garden

The front garden has a paved patio with steps leading up to a lawn.

Rear Garden

To the rear is a further patio area with retaining wall and steps down to the lawn. There is also vehicular access to the rear through double wooden gates. To each side of the property is a paved pedestrian pathway providing access from front to rear.
