A Beautifully Renovated Georgian Ground Floor Apartment with Parking

There is something undeniably special about Wyndham Square. One of Plymouth's most elegant historic squares, it offers symmetry, calm and architectural grace. The house centres around St Peter's Church and framed by handsome late Georgian terraces dating from the early 1800s. The apartment forms part of one of these grand townhouses, now thoughtfully converted, and occupies a generous ground floor position. From the moment you step inside, the proportions speak for themselves. High ceilings run throughout giving a wonderful sense of air and light that only period buildings truly deliver.

The sitting room is particularly charming. Original sash windows draw in soft natural light, while a feature fireplace anchors the space and adds warmth and character. It is easy to imagine this room in its original form - elegant yet comfortable - and it continues to feel that way today.

The apartment has been recently renovated throughout with care and attention. A newly fitted bathroom, updated kitchen and brand new gas central heating system mean everything is in place for immediate enjoyment. The finish is tasteful and unfussy, allowing the period features to remain the focus.

The double bedroom is well-proportioned and peaceful, and the overall layout feels practical without losing any of its charm.

To the rear of the building, there is parking available for the new owner - an invaluable benefit in this central location. Private entrance from the back into the apartment. In addition, the flat benefits from a substantial private storage cupboard (not shown on the floorplan), ideal for bicycles or seasonal items - a genuinely useful and often overlooked feature.

Wyndham Square itself remains one of Plymouth's quiet architectural gems: historic, dignified and yet just a short distance from the city centre and waterfront.

This is not simply an apartment; it is a home with history, proportion and presence.
