At the base of the staircase is a space ideal for shoes and coats, with a door leading up to the bathroom. The half landing above has a built-in storage cupboard.

Dining Room

A stylish reception room to the front of the house, with a large sash window offering excellent sea views, and traditional features including breakfast arch and ornate coving.

Kitchen

A modern kitchen but with a traditional feel, at the rear of the house. It has a range style cooker, central island with ceramic sink, with built in cupboards and space for storage and fridge freezer.

Bathroom

A spacious family bathroom, with roll-top bath, separate shower enclosure, WC and sink, with a window to the rear and 2 storage cupboards; 1 housing washing machine and tumble dryer, and the other being used to store towels and linens etc for the holiday let business.

Living Room (1st Floor)

An impressive living room with excellent sea views. The room has high ceilings with original coving and rose, cast iron radiator, and feature fireplace.

Bedroom 1 (1st Floor)

A double bedroom at the rear of the house, with ensuite shower room. There is a large sash window,

and space for wardrobes etc.

The ensuite has a shower, pedestal sink and WC, with feature ceramic tiles.

Bedroom 2 (1st Floor)

A bright double bedroom, with built in cupboard and ensuite WC. The WC has a skylight above and has a WC with sink.

Bedroom 3 (2nd Floor)

Of all 7 bedrooms, this double bedroom has the biggest "wow factor" thanks to the incredible view from the large sash window to the front, and stylish ensuite shower room.

The tiled ensuite has a shower enclosure, WC, floating sink, and heated towel radiator.

Bedroom 4 (2nd Floor)

A good-sized bedroom to the rear, with compact ensuite, and large sash window.

The ensuite has a shower enclosure, WC, and sink, again with feature ceramic tiled splashback.

Bedroom 5 + 6 (3rd Floor)

Making full use of the top floor, these bedrooms fit beds and furniture, and have eaves storage. Although with limited headroom in places, the rooms have windows to the front and rear, and there is a cloakroom off the landing with a WC and a sink.

The landing itself is lovely and bright, with a skylight above bringing light through the house.

Basement Apartment

With independent access from the house, and steps from the street leading down to the front door, the apartment is a perfect separate space to enjoy when the house is occupied. Alternatively, it could be let separately to maximise income potential.

The apartment is entered into the open plan living room, with a window to the front and kitchen area to the rear. There is a large storage cupboard, and a door to the bedroom.

The double bedroom has natural light from the rear door, opening into a small courtyard garden, with a storage shed.

The tiled shower room has a WC, sink and shower, and built in storage cupboards.

[Holiday Let Business](#)

The main house has been run as a very successful holiday let for many years; figures regarding occupancy and turnover can be made available for bona fide interested and proceedable parties.

Just steps away from the Harbour at the bottom of Crackwell Street, Bridge Street is the row of seafront properties between Florentino's restaurant and Sargeant's Lane. Gwynne House is the blue property, and it shares a blue plaque with the adjoining house.
