

19 Heddle Road, Andover, SP11 6WY
Asking Price £250,000

19 Heddle Road, Andover,
Asking Price £250,000

PROPERTY DESCRIPTION BY Miss Molly Scruton

This two bedroom semi-detached house situated on a very popular modern development situated just on the outskirts of Andover town centre. This home has an open plan kitchen / living / dining area ideal for entertaining with a door leading to the rear garden, cloakroom, two double bedrooms / a three-piece family bathroom. Externally you will find an enclosed, well proportioned rear garden and off road parking for two cars.

Augusta Park has history woven into its fabric with old flint farm walls from East Anton's time as farmland forming part of a major regeneration programme to this already well-established and bustling Hampshire town. This is an area with its own rich history. Andover is the location of a major crossing point of two important Roman roads: the Portway from Winchester to Marlborough, and the Icknield Way, which runs past Augusta Park on its way between Salisbury and Silchester. The actual site of the crossroads is very close to the development, but excavations in 1970, while revealing many Roman remains, failed to find the exact location. Now the area is a growing and welcoming community with a community centre, sports pavilion and the Endeavour Primary School already open, together with planned shops and village 'local area'. You will feel you belong from the start in a home tailored to modern living set amongst acres of beautifully landscaped open spaces, parks and play areas. Not wanting to travel too far for groceries? Then the brand new Co-op opened in April 2018 is on the doorstep located in East Anton Farm Road, along with the recently opened pizza takeaway for those not wanting to cook. Please note that as with most modern housing developments, this property may have a minimal yearly "estate charge". Please ask for further information.

Heddle Road, SP11

Approximate Gross Internal Area = 67.6 sq m / 728 sq ft
 Shed = 3.1 sq m / 33 sq ft
 Total = 70.7 sq m / 761 sq ft
