The leafy village of Enham Alamein nestles with the rolling hills of the Hampshire just under three miles north of historic Andover, now the principal town within the Test Valley Borough.

Given the name Alamein after the World War II when the village of Enham received a substantial contribution from the grateful people of Egypt, the village church, St. George's is now internationally regarded as the memorial church for the battle of El-Alamein

Enham Chase was well designed with a high level of detail in not only the layout but attention to the materials used having taken inspiration from the traditional properties found within the county. Residents enjoy the mature trees and open green spaces that the development offers along with a footpath and cycle path allow access for the village residents to the play area and neighbouring woodland.
