#### Ground floor

The welcoming entrance hall leads to the ground floor bedrooms, family bathroom, and integral garage.

The front bedroom suite enjoys peaceful views across the mill pond, with an ensuite shower room illuminated by full-length windows framing the water.

The rear bedroom suite mirrors this sense of tranquillity, opening directly onto a paved seating area surrounded by woodland.

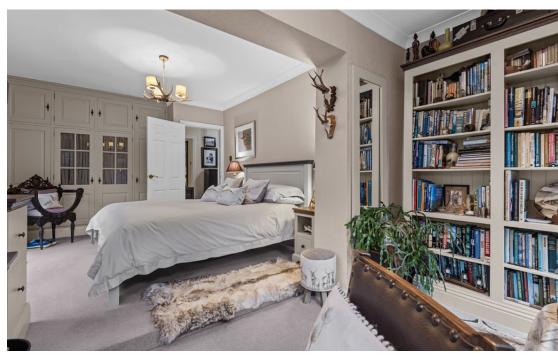

A third kingsize bedroom benefits from dual-aspect views and fitted wardrobes, while the family bathroom is impressively spacious, featuring a freestanding bath, walk-in shower, and contemporary finishes.

The integral double garage provides ample space for two cars and storage, complete with an electric door and utility facilities.

#### First floor

Upstairs, the home's main living spaces are designed to celebrate the incredible setting.

The open-plan living and dining room stretches the full depth of the house, with a carved stone fireplace housing a solid fuel stove and wide picture windows framing spectacular views of the water and woodland beyond. Sliding doors open onto the expansive 30ft balcony – the perfect place to entertain, dine al fresco, or simply unwind while surrounded by nature.

The dining kitchen is generously proportioned, with granite worktops, a Rangemaster cooker, and space for a large family table. A rear lobby provides access to the gardens.

The master bedroom suite also enjoys panoramic woodland views and includes a luxurious ensuite bathroom with a massage bath, shower, and bidet.

A huge loft space, accessed via a pull-down ladder, offers scope for conversion – currently used as a 'man cave' with a rear window overlooking the grounds.

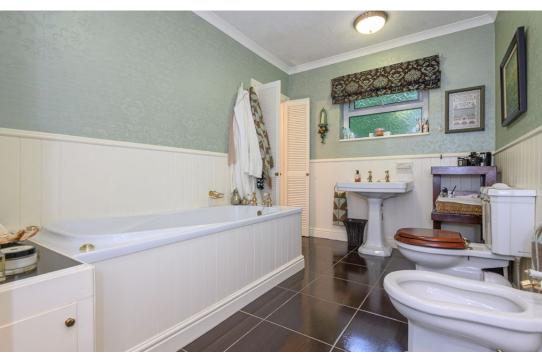

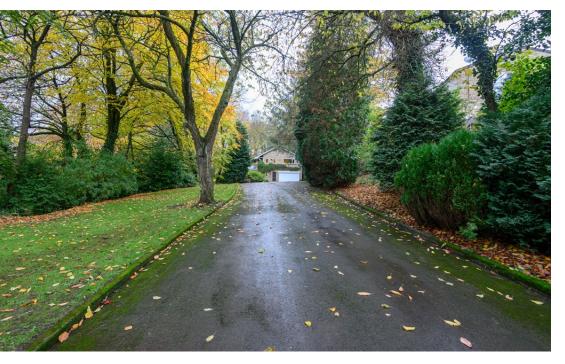

### Gardens and grounds

Approached via a long, tree-lined drive, Lake House immediately feels worlds away from everyday life. The home sits within approximately 2.5 acres, including two serene mill ponds and around two acres of private woodland carpeted with bluebells and alive with birdsong.

To the front, there's extensive parking and turning space alongside the double garage. To the rear and sides, pathways meander through the trees and along the water's edge, offering endless opportunity for exploration and quiet reflection.

An old vegetable garden – positioned discreetly away from the house – could offer further development potential subject to necessary consents.

This is a setting of rare and natural beauty, where privacy and tranquillity are absolute.
