House - End Terrace

Occupying a particularly pleasant position on one of Darlington's finest Victorian terraces this is an exceptionally rare opportunity to acquire a substantial and highly versatile six-bedroom townhouse, offering extensive accommodation across multiple floors and ideally suited to a variety of uses including large family living, multi-generational occupation, or potential guest house/B&B (subject to the necessary consents).

This absolutely vast property boasts an impressive layout, with six generous bedrooms arranged over the upper two floors, three of which benefit from their own en-suite facilities, providing comfort and privacy in abundance.

To the ground floor, the home offers remarkable living space with four well-proportioned reception rooms, creating superb flexibility for both formal entertaining and everyday family life.

A particularly noteworthy feature is the self-contained one-bedroom flat located on the first floor, complete with its own private entrance. This offers excellent potential for use as an annex for a dependent relative, guest accommodation, or indeed as a holiday let/Airbnb, providing an additional income stream if desired.

Externally, the property is further enhanced by the presence of a double garage, adding valuable parking and storage as well a good size yard and a lawned garden.

Buyers Identification Checks

Should a purchaser(s) have an offer accepted on a property marketed by Carver Residential they will need to undertake an identification check. This is done to meet our obligation under Anti Money Laundering Regulations (AML) and is a legal requirement. We use a specialist third party service to verify your identity, this is not a credit check and will have no effect on credit history. The cost of these checks is £36 inc. VAT per buyer, which is paid in advance, when an offer is agreed and prior to a sales memorandum being issued. This charge is non-refundable.

Property Size

Please note the property size is taken from the Energy Performance Certificate and may not take into account all rooms from the floorplan (due to unheated space not being calculated e.g. this may potentially exclude e.g. a conservatory and/or garage)
