A white heated towel radiator completes the scheme along with wood effect vinyl flooring under foot. A door leads to the hallway.

EXTERIOR

Externally, this property does not disappoint, featuring a gorgeous, low-maintenance cottage-style garden that has been lovingly designed and created by the current owner. A driveway runs from the front of the property down the side to a fence, where a secure gate provides access to the enclosed rear garden. The front garden is laid to lawn, with mature shrubs around the perimeter providing privacy.

As previously mentioned, the rear garden is simply bursting with interest and colour. It features a lovely paved patio area, with stepping stones leading to the bottom of the garden through a timber arch, which frames the space where a summer house can be found. An elevated decked area, accessed via the bi-fold doors, creates the perfect outdoor dining space and has been designed for flexible use, even when the weather is less favourable.

This garden truly needs to be seen to be fully appreciated.
