PROPERTIES

Wisteria, plot 49, has a garage, study and utility, PLUS solar panels, oak doors, underfloor heating to the ground floor and EV charger. Ask us about our Help to Sell scheme.

This neatly organised, four-bedroom home comes with a feature oak porch, garage and a study, wide open hallway, generous open plan living spaces and practical utility room, giving everyone plenty of space for their busy lives.

A large kitchen/dining area with a solid quartz worktop opens through French doors onto the terrace and garden. Upstairs there's a principal bedroom with en-suite, two double bedrooms, another single bedroom and a house bathroom giving everyone their space.

With a single garage and parking for two cars, EV charger, air source heat pump, and PV solar roof panels the Wisteria is an energy-efficient and economic choice.

In contrast to the contemporary layout, Wisteria homes are built from natural tumbled stone with dual-aspect windows to the front and rear creating an undeniably charming aspect for such a sizable house.
