The property is set back from the road behind a walled driveway providing parking for multiple vehicles which continues beneath a carport and gated access. The property benefits from a single garage. The gardens are a true feature of the sale offering complete privacy from neighbouring properties and being surrounded by mature trees. There is a substantial expanse of lawn/paddock, gravelled seating/dining area immediately off the kitchen, a multitude of plants, shrubs and trees and field views.

We would also point out that the property benefits from planning permission for a two storey extension to the side. There is also a sizeable section to the side of the property which could lend itself to a building plot, subject to any necessary planning contents. The property also benefits from external lighting, power and water.
