Hopewell

Built in 2020, Hopewell is an architectural showpiece in contemporary, energy efficient design, which draws inspiration from its historic roots as a former part of the Kedleston Hall country estate.

Relaxation, inspiration, indulgence and escapism have all been encapsulated in spectacular fashion to create a stunning home with a sensational feel, creating a benchmark for modern luxury. Hopewell offers the ultimate in high-end living, in the most glorious of English countryside settings.

Meticulous attention to detail has been given to all aspects of the property design, including the use of state-of-the-art building fabric and technology to ensure high levels of thermal retention, efficiency and air quality; the use of high-quality local materials and expansive landscaping to seat the property in its surroundings; and inside the property, the creation of flow and unique spaces, with uniformity in high-quality material selection, fixtures, and fittings. This is demonstrated in the expansive limestone floor which was made to order and flows seamlessly through the entire ground floor and bathrooms around the property. Custom oak doors throughout give a sense of opulence and include feature 'ceiling-height' pocket doors to the lounge and playroom, giving the option of open plan living, or space separation, as desired. Furthermore, an innovatively designed pantry allows for practical living whilst maintaining a minimalistic main kitchen and dining area for enjoyment and entertaining.

Special Features & Technology:

- 'Structural Insulated Panel System' (SIPS) construction, with excellent insulation and air tightness properties, creating high thermal efficiency
- Feature floating oak staircase in atrium, with matching steps to lower ground floor
- Ultra-thin profile aluminium double glazed windows and sliding doors with minimal sightlines and triple glazing
- Valliant ground source heat pump with underfloor heating across all 3 floors provides low-cost heating, with low environmental impact and high levels of comfort
- Scan wood burning stove, featuring sealed air-tight circulation (made in Denmark)
- Smart enabled Zendhr Mechanical Heat Recovery System (MVHR) ventilates the home efficiently without need for trickle vents, ensuring thermal efficiency & superior air quality (made in Switzerland)
- Mist fire suppression system, CCTV and alarm systems protect the family and property, whilst benefiting the owner with peace of mind
- Astro architecturally recessed and trim-less LED downlights and wall lights throughout
- High-speed fibre internet (>100MB) with Cat6 networking with 30 terminals and enterprise grade WIFI through the house, garden pavilion & gym
- High-specification Kef in-ceiling speakers in lounge, kitchen and master bedroom suite, powered by Sonos integrated multi-room audio system
- Mitsubishi air-conditioning and Bowers & Wilkins surround sound audio in gym
- NEFF kitchen appliances
- 10 Year Build Warranty (from December 2020)

* also the property has Smart lighting control - touch control (no switches) and dimmable
