Property Comprises

An exceptional opportunity to acquire a prime plot in Branksome Park with an approved, architect-designed contemporary home, offered on a land and build contract basis. Set within a mature, tree-lined setting, the proposed design delivers a striking, modern property that sits comfortably within its natural surroundings.

The house has been thoughtfully designed to create a strong connection with the landscape, featuring an elevated main living area and a distinctive architectural form that gives the property a unique, treehouse-style feel. Large glazed sections and a glass link between structures allow natural light to flow throughout, while maintaining privacy and a sense of seclusion.

The layout provides generous open-plan living space, a contemporary kitchen and dining area, well-proportioned bedrooms, and a terrace positioned to enjoy the outlook across the plot. The design balances bold architecture with practical living, making it ideal as a high-end family home or statement residence.

This is a rare chance to secure a highly desirable Branksome Park address with planning and design already in place, while still benefiting from the flexibility of a build contract. Full plans and supporting information are available on request.
