Westbrook House, 1 Trinity Close, Paulton, Bristol, BS39 7LA

Westbrook House is a charming former school building originally dating from the 1800's with elevations in natural stone with cut stone mullion windows and a pitched slate clad roof. This appealing building was converted into residential use circa 2012 and has been subject to a painstaking refurbishment in the current ownership. The quality accommodation created boasts the character features associated with an old building with the energy efficiency and contemporary fittings associated with a new build property.

On the ground floor, which has under floor heating, the property is approached through an entrance hall with a staircase rising to the first floor and a useful cloak with wc adjacent. There is a well proportioned living room with tall double glazed stone mullion windows with a southerly facing rear aspect and westerly aspect overlooking the Holy Trinity Church. Within a deep recess off the living room is a cleverly designed home office. The hub of the property is the open plan kitchen, dining and family room which is fitted with a range of high quality bespoke units and built in appliances with attention to detail seldom seen in homes in this price range. At the far end, the kitchen has a lantern roof and three panel bi-fold doors flooding it with natural light. A well designed utility room completes the ground floor accommodation.

On the first floor the landing provides the approach to the three bedrooms and a bathroom. The master bedroom has built in wardrobes and an en suite shower room with quality fittings. A double size second bedroom has excellent built in storage. There is a third bedroom and a bathroom which is appointed to the same standard as the en suite. The first floor has a number of Velux windows with blinds which are remote controlled and electrically operated.

On the outside the property is approached from Church Street into Trinity Close, a cul de sac of similarly attractive individual homes. There are two private parking spaces with gravelled chip beds to two sides of the building and an enclosed bin store and garden store to the front, while the southerly facing rear aspect has a walled garden with gated access to the cul de sac and is laid to an extensive paved terrace and lawn with shrub borders.

Paulton is a well served village location with a good range of local amenities within walking distance including a convenience store and other local shops, pubs, Holy Trinity Church (which is adjacent to the property), vets practice, village hall and Memorial Park. The village lies approximately 2 miles north of the larger Town of Midsomer Norton which offers a range of day to day amenities while the Cities of Bristol, Bath and Wells are within reasonable daily commuting distance. Bristol and Bath offer an extensive range of amenities including shopping, recreational, cultural and sporting activities. The Mendip Hills and Chew Valley are within easy reach providing pleasant days out and recreational opportunities.

In fuller detail the accommodation comprises (all measurements are approximate):
