Accommodation

Please see the floorplan for room measurements and the property layout.

Ground Floor

The house is accessed via a glazed porch and entrance door leading into a hallway, which features stairs to the first-floor bedrooms and a door to the ground-floor rooms. To the front of the house is a generous sitting room, which opens into a spacious kitchen/dining room at the rear. The kitchen is fitted and offers space for a dining table. From here, a door leads to an additional room / conservatory extension that in turn provides access to the rear garden and the detached garage.

First Floor

On the first floor, there are two double bedrooms and a generously sized bathroom. The spacious main bedroom spans the full width of the house and, as seen in other homes on the street, could potentially be split to create a third bedroom.

Outside

The property benefits from both front and rear gardens. The front garden sets the house back from the road and features a gated pathway leading to the entrance porch. The rear garden includes a lawn area with established shrub borders and a pathway leading to a detached garage located at the back of the house.

Detached Rear Garage

Accessed via a rear lane with up and over door, windows and door to the rear garden.
