Designed with modern living in mind, the heart of the home is the impressive open-plan kitchen/dining/living area – perfect for entertaining or family life. This expansive space is bathed in natural light thanks to it's open plan design and triple aspect. This delightful family home has been recently refurbished, and extended, by the current owners to deliver a bright and light family home. The accommodation is versatile with a fabulous open plan living room, that informally divides into a well appointed kitchen area with wonderful large island forming a breakfast bar for less formal dining, a dining area for more formal dining, and a great open plan living space with skylights that flood the living space with natural light and offer direct access to the gardens. A separate utility room is located at the far end of the inner hall with storage units, worktop and sink, with side door providing access to the side and rear garden.

Bedrooms and bathrooms

There are three beautifully proportioned bedrooms, with the master suite enjoying an en-suite shower room WC and open plan dressing room , creating a peaceful retreat. The flexible fourth room is currently used as an additional sitting room, but could alternatively be used as the fourth bedroom. There are also two three piece family bathrooms, one positioned just off the living accommodation, one for Bedroom 2&3 to share.

Outside

Gardens - The house is set in the middle of a corner plot. The front garden incorporates a generous driveway. Dual access to the rear garden from both sides.

A good sized rear garden which basks in the evening sun with far reaching views of the sunset over the fields beyond which are visible from the living area. The garden is beautifully planted with beds of colorful established shrubbery, rose bed, and a few pretty trees that add character and depth, is accessible from both the expansive living areas and the utility to the side and is laid mainly to lawn and enclosed by hedging.
