“You wouldn't realise just how much this home has to offer from the outside. Set across three levels, it offers fantastic space throughout, with the added bonus of off-street parking to the rear. Definitely one to take a look at.”

Luke, Senior Valuer.

MORE THAN MEETS THE EYE

A wonderfully modern three-storey semi-detached home with three bedrooms, versatile additional living space and a large garden stretching away to the rear.

From the front, you could easily mistake this for a traditional semi-detached home, but step inside and there is so much more to discover. Set across three levels, the property offers beautifully modern living space, three bedrooms, a fantastic multifunctional room, conservatory, office and excellent garden access. The clever layout gives the home a real sense of versatility, with different areas that can adapt beautifully to family life, working from home or entertaining.

THE FINER DETAILS

A deceptively spacious three-bedroom semi offering three floors of accommodation, a stylish modern interior, versatile additional living space and a substantial enclosed rear garden.

Enter through the front door into the main hallway, with the accommodation immediately opening up from here. The lounge sits to the front and is a real wow factor, featuring a modern media wall and bay window. To the rear, the dining room leads through to the kitchen, creating a lovely connection between the main living spaces. The kitchen has a rear door providing access down steps to the garden, while the office adds a useful dedicated space for working from home or study.

The lower level is where the property's layout really comes into its own. A large multifunctional room provides fantastic additional space and could work equally well as a games room, second lounge, study or family room depending on your needs. From here, the accommodation continues into the conservatory, which opens directly onto the garden at ground level. This gives the lower floor its own connection to the outside and creates a wonderfully versatile area away from the main living accommodation.

The top floor provides a more traditional bedroom layout, with three bedrooms arranged around a central landing. The master bedroom benefits from its own en suite and walk-in wardrobe, while the remaining bedrooms are served by the family bathroom. It is a comfortable and practical sleeping level, nicely separated from the entertaining and family spaces below.
