Help To Buy

Don't miss out on the chance to buy a brand new home using the Help to Buy scheme. Help to Buy is the government-backed scheme that does exactly

that, it helps you to buy a new home. The Help to Buy scheme is known as an equity loan that is available to buyers in England and Wales. How does it work? Help to Buy Equity Loans help homebuyers across England to purchase new-build properties with as little as 5% deposit. The Help To Buy Scheme is available on units priced up to £437,600 in the South East and buyers must contact Help to Buy directly to enquire about eligibility.

The Developer

IPE Developments is the dynamic residential development arm of the IPE Group, extending from a boutique private equity firm, based in central London. Since we were established, it has been our mission to develop high quality sustainable residential developments throughout London and we have built up a strong track record of residential developments. Our wide experience in site acquisitions has allowed us to create a very exciting property portfolio of developments under construction with a minimum turnover of 250 apartments per year. Our main focus is on new build homes, converted or refurbished properties, with our team being involved through the site acquisition, funding, planning and design of each project. Our experienced team of industry experts have in-depth knowledge of the UK's real estate markets and we have the delivery capacity to create spacious, comfortable homes within highly successful developments. We pride ourselves on meticulous attention to detail from inception to completion and beyond. Our broad and unique developments attract a wide client base of home-buyers, first-time buyers and buy-to-let investors from the UK and overseas. IPE Developments' team has been carefully selected to produce excellence in our line of business. Over the years, our ethos has led to the organic growth of IPE Developments and has attracted industry experts to join us and together we have created an exceptional end product.
