The property was originally constructed in 1959 and has been updated a number of times since. Today it offers a light and airy home with accommodation over two floors.

The property hugely profits from having a dedicated off road parking space as well as a detached single garage. Both front and rear gardens are mature and well stocked - with the added benefit of the rear garden catching all of the afternoon sunshine.

The accommodation is well presented and has been looked after carefully - the house offers a lovely and comfortable home with well balanced space both inside and out. Viewings are highly recommended and further information about the house is available on request.
