## The Property

Entry to the home is through a reception hall which provides access to both the living room and the dining kitchen. The living room is a generous space with a large window to the front elevation allowing good natural light. The current owner has extended the property to create an adjoining garden room, adding a valuable additional reception space to the ground floor for those wanting a more flexible layout.

The garden room is particularly bright, with two large roof windows set within the roofline alongside windows to the rear and side elevations. Double doors open directly onto the enclosed and private rear garden, making this an ideal room for day-to-day living or relaxing while looking out onto the garden.

The dining kitchen offers a good range of fitted base and wall units providing ample storage, together with generous work surface space and a number of integrated appliances. There is also plenty of room for a dining table, helped by the large bay window which adds both space and natural light. Beyond the kitchen is a useful utility room with further storage and plumbing for appliances. Completing the ground floor is a cloakroom located off the reception hall.

To the first floor there are three well-proportioned bedrooms. The principal bedroom benefits from fitted wardrobes and its own en-suite shower room comprising a step-in shower, WC, and wash hand basin set within a vanity unit with storage below, finished with textured stone-effect tiling. Bedroom two is a comfortable double room, while bedroom three provides a good single bedroom or home office if required.

The house bathroom is finished in a contemporary style and includes a panelled bath with shower and glass screen, WC, and a wall-mounted wash hand basin, with tiled flooring and stone-effect tiled walls.

Externally, the garden has been designed to be low maintenance with the majority hard landscaped, making it ideal for those who prefer to spend their time enjoying the space rather than maintaining it. Buyers who prefer a lawn could easily adapt the layout if desired. The property also benefits from off-road parking for two vehicles.
