A beautifully presented detached bungalow, located in the highly sought-after village of Asenby, North Yorkshire. This well-balanced home offers spacious living accommodation alongside generous bedrooms and stands within exceptional, well-maintained gardens—ideal for a range of buyers.

The Property

Set within the desirable village of Asenby, this beautifully presented detached bungalow offers generous and well-balanced living accommodation, exceptional gardens, and a highly practical layout. Located in a cul de sac, viewings are highly recommended.

Upon entry, the central hallway provides access to all main areas of the property. The spacious living room features a wood-burning stove as its main focal point and is open plan with the dining area—making it well-suited for both everyday use and when hosting guests. A large bay window and a second front-facing window allow plenty of daylight into the space without it feeling overexposed.

Adjacent to the living and dining space, the kitchen is fitted with a contemporary range of base and wall units, offering excellent storage and integrated appliances. A side-facing window and direct access to the south-facing patio enhance the space further.

There are three well-appointed bedrooms—two doubles and a single. The single bedroom is currently used as a home office but would also suit as a craft or hobby room. The bathroom comprises a panelled bath with shower and glass screen, WC, pedestal sink, tiled surround, and a side-facing window. Furthermore, there is access to the part boarded loft from the hallway through a hatch and ladder.

Both double bedrooms are positioned at the rear of the home, overlooking the immaculately maintained gardens. These gardens are a true highlight of the property—thoughtfully landscaped to include a large stone patio with multiple seating areas, a lawned garden, vegetable patch, and a dedicated children's play area. The south-west facing aspect ensures an abundance of natural light throughout the day.

To the front, the gardens are designed for low maintenance, featuring lawn, box lavender borders, and a stone-flagged pathway leading to the rear. A gravelled driveway provides ample off-street parking and leads to a single garage with both an up-and-over door and rear access. For those with an electric vehicle, there is an installed charging point included in the sale.
