OUTSIDE

Cauldwell Road is a 'no through road', which adds to the privacy. As you enter through the gates, you will see a detached, brick built double garage to the left, with roller door. Block paving provides ample car standing, with a further pebbled beyond this. There is a lawned garden, having central water feature, as well rose and shrub borders.

An entertaining area greets you as you approach the side entrance, with hardwearing artificial lawn and covered seating area. You then discover the large office – 8.38m x 2.96m, which is of brick and tile construction, UPVC windows and light and power is provided. To the far end is a store area and steam room.

As you move into the rear garden there is an extensive flagstone patio and steps the provide access to the main lawn. There are stocked borders and raised planters. A former summer house has more recently been used as a greenhouse, which could always be converted back. Finally, to prevent those muddy boots inside, there is a 'gardeners' toilet and WC.

The property is in council tax band F (Ashfield District Council).
