Introduction

Village Farm is a prime development opportunity situated in the heart of the popular Warwickshire village of Fillongley. Outline planning permission has been granted for the conversion of the traditional brick, timber and tile barns into two dwellings and the erection of five new dwellings varying from two to four bedrooms with a total indicative house floor area of in excess of 946 sq. metres (10,190 sq. ft.). The site offers a valuable opportunity for a substantial, quality development which is becoming increasingly rare to find in today's market.

Purchasers will need to submit a 'Reserve matters' application for details such as site design, layout, landscaping schemes, wildlife mitigation measures such as nest boxes, and soil/surface water drainage plans etc.

It is felt that the mix of converted, traditional farm buildings and new build, both in shape and form, with the topography of the site, will result in a most attractive development, with wide ranging appeal for a diversity of buyers.

Fillongley is a popular village, having a village primary school, medical practice, service station with garage, public house/restaurant and the parish church of St. Mary and All Saints.
