Clifton Village and the University of Bristol are all within one and half miles. The City Centre is within two miles, with its array of business, educational, leisure, shopping and entertainment facilities, including the impressive new Cabot Circus shopping and lifestyle complex. Local bus routes are located on Hampton Road, and both Redland Green and Clifton Down railway stations are nearby. Redland also offers easy access to the M4 and M5 motorways.

NEW HOMES - GDV ADVICE

Please contact Calum Melhuish from the Hollis Morgan New Homes team to discuss GDV and details on this development.

Calum suggests the resale value of the renovated flats will be in the region of £365,000 - £385,000 per unit.

RENTAL APPRAISAL

The Local Experts Clifton Rentals say:

An interesting lot with huge development potential. Located ideally in a popular area for both professional and student rentals. The proposed use as two 2 bedroom flats would ideally suit the professional market and would let easily as it would attract tenants working at BRFI or Bristol University. If developed to a high standard the flats would market around £1500.00pcm each or £18000 p/a each.

There is also scope to develop as a student property – if relevant planning was successful – you could configure into a 6 -8 bed student property which due to its location would let easily. Each room would let for £525-£550pcm. For 6 bed return would be £3150- £4200pcm (£37800-£50400p/a)

BUYER'S PREMIUM

Please be aware all purchasers are subject to a £750 + VAT (£900 inc VAT) buyer's premium which is ALWAYS payable upon exchange of contracts whether the sale is concluded before, during or after the auction date.

GUIDE PRICE

An indication of the seller's current minimum acceptable price at auction. The guide price or range of guide prices is given to assist consumers in deciding whether or not to pursue a purchase. It is usual, but not always the case, that a provisional reserve range is agreed between the seller and the auctioneer at the start of marketing. As the reserve is not fixed at this stage and can be adjusted by the seller at any time up to the day of the auction in the light of interest shown during the marketing period, a guide price is issued. This guide price can be shown in the form of a minimum and maximum price range within which an acceptable sale price (reserve) would fall, or as a single price figure within 10% of which the minimum acceptable price (reserve) would fall. A guide price is different to a reserve price (see separate definition). Both the guide price and the reserve price can be subject to change up to and including the day of the auction.

RESERVE PRICE

The seller's minimum acceptable price at auction and the figure below which the auctioneer cannot sell. The reserve price is not disclosed and remains confidential between the seller and the auctioneer. Both the guide price and the reserve price can be subject to change up to and including the day of the auction.
