THE LAND

A level parcel of land (approx. 150 sq m) that previously formed part of the rear garden of a terraced house on Toronto Road. The site benefits from vehicular rear access and offers potential for a variety of different uses, subject to obtaining the necessary planning consents.

LOCATION

The site is situated in a popular residential location in Horfield to the rear of 105 Toronto Road, within close proximity to the shops and amenities on Gloucester Road and Filton Avenue. Access to the site is via two separate rear lanes, one from Reynold's Walk and the other from Filton Avenue.

THE OPPORTUNITY

We understand the land was previously occupied by a garage and this level plot could, therefore, present the following opportunities (Subject to consents)

RESIDENTIAL DEVELOPMENT

To erect a house/bungalow

Buyers should note the opinion of local architect Jon Tovey (Tovey Architectural Services)

"The site does seem suitable for a one storey (possibly even a 1 1/2 storey) building of some description but this would all be subject to the local Planning Policies/ Planning Approval. The site does benefit from 2 no. number accesses - Access lanes from both Filton Avenue and Reynolds walk which is an advantage."

PARKING / GARAGE

Parking for a number of vehicles or to erect garages.

STORAGE

To erect a large storage unit.

BUYER'S PREMIUM

Please be aware all purchasers are subject to a £1000 + VAT (£1,200 inc VAT) buyer's premium which is ALWAYS payable upon exchange of contracts whether the sale is concluded before, during or after the auction date.

GUIDE PRICE

An indication of the seller's current minimum acceptable price at auction. The guide price or range of guide prices is given to assist consumers in deciding whether or not to pursue a purchase. It is usual, but not always the case, that a provisional reserve range is agreed between the seller and the auctioneer at the start of marketing. As the reserve is not fixed at this stage and can be adjusted by the seller at any time up to the day of the auction in the light of interest shown during the marketing period, a guide price is issued. This guide price can be shown in the form of a minimum and maximum price range within which an acceptable sale price (reserve) would fall, or as a single price figure within 10% of which the minimum acceptable price (reserve) would fall. A guide price is different to a reserve price (see separate definition). Both the guide price and the reserve price can be subject to change up to and including the day of the auction.

RESERVE PRICE

The seller's minimum acceptable price at auction and the figure below which the auctioneer cannot sell. The reserve price is not disclosed and remains confidential

between the seller and the auctioneer. Both the guide price and the reserve price can be subject to change up to and including the day of the auction.
