THE PROPERTY

The stables are in good condition and have been well constructed and maintained.

There is water (on a water meter). No power. No public footpath.

The land has been divided into two paddocks which have also been well maintained and looked after and benefits from mature hedgerows and post and rail fencing.

The property benefits from a menage (40m x 20m) with a professional combi-ride surface.

Sold with vacant possession.

LOCATION

The land and stables are situated approximately one and a half miles from Iron Acton, close to Latteridge in a beautiful rural area and conveniently close to a large well known country store and saddlery.

The land and stables are accessed from Larks Lane through a gated entrance into an enclosed parking area with plenty of room to turn.

There is good access to the motorway network via junction 15 of the M5, but still benefits from privacy and quiet lanes and bridleways.

Winterbourne is nearby and provides an array of local amenities and services whilst Bristol City Centre is approximately ten miles away.

THE OPPORTUNITY

RARE EQUESTRIAN OPPORTUNITY

The property is situated in a fantastic location and will appeal to anyone looking to have their own equestrian facility in a very equestrian orientated area.

BUYER'S PREMIUM

Please be aware all purchasers are subject to a £1000 + VAT (£1,200 inc VAT) buyer's premium which is ALWAYS payable upon exchange of contracts whether the sale is concluded before, during or after the auction date.

GUIDE PRICE

An indication of the seller's current minimum acceptable price at auction. The guide price or range of guide prices is given to assist consumers in deciding whether or not to pursue a purchase. It is usual, but not always the case, that a provisional reserve range is agreed between the seller and the auctioneer at the start of marketing. As the reserve is not fixed at this stage and can be adjusted by the seller at any time up to the day of the auction in the light of interest shown during the marketing period, a guide price is issued. This guide price can be shown in the form of a minimum and maximum price range within which an acceptable sale price (reserve) would fall, or as a single price figure within 10% of which the minimum acceptable price (reserve) would fall. A guide price is different to a reserve price (see separate definition). Both the guide price and the reserve price can be subject to change up to and including the day of the auction.

RESERVE PRICE

The seller's minimum acceptable price at auction and the figure below which the auctioneer cannot sell. The reserve price is not disclosed and remains confidential between the seller and the auctioneer. Both the guide price and the reserve price can be subject to change up to and including the day of the auction.
