THE PROPERTY

Situated on the second floor of this impressive purpose built development which sits on the historic site of Brunel's original steam works alongside the present site of the SS Great Britain and with direct access to Bristol's iconic Harbourside.
The property has been finished to a very high standard and the spacious apartment offers light and airy accommodation throughout.
The open plan living space is generous in size and benefits from pleasant views of the Harbourside below and the water.
A well appointed kitchen provides plenty of cupboard space with matching wall and base units, laminated work surfaces, AEG electric hob, oven & extractor as well as an integrated fridge/freezer and washing machine.
The well proportioned double bedroom also shares the same aspect of the living space and so has pleasant water views and also benefits from a built in wardrobe.
A fully tiled modern bathroom completes the accommodation and provides mains fed shower over bath, basin, WC and heated towel rail.

Sold subject to existing tenancy.

LOCATION

Once a busy dock where sailors and merchants would trade goods and set sail for voyages of discovery, Bristol's Harbourside has undergone a huge transformation and is now an attractive, modern development with excellent amenities and access to the rest of the City. The area is alive with the buzz of Sunday markets, waterside restaurants and bars and a whole host of sports and activities including yachting, paddle boarding, and rowing. Millennium Square acts as a central hub, with its fountains and big screen as well as world class attractions such as Brunel's SS Great Britain, We The Curious, Bristol Aquarium, the Arnolfini, Spike Island, the Watershed and the M Shed.

BUYER'S PREMIUM

Please be aware all purchasers are subject to a £1000 + VAT (£1,200 inc VAT) buyer's premium which is ALWAYS payable upon exchange of contracts whether the sale is concluded before, during or after the auction date.

GUIDE PRICE

An indication of the seller's current minimum acceptable price at auction. The guide price or range of guide prices is given to assist consumers in deciding whether or not to pursue a purchase. It is usual, but not always the case, that a provisional reserve range is agreed between the seller and the auctioneer at the start of marketing. As the reserve is not fixed at this stage and can be adjusted by the seller at any time up to the day of the auction in the light of interest shown during the marketing period, a guide price is issued. This guide price can be shown in the form of a minimum and maximum price range within which an acceptable sale price (reserve) would fall, or as a single price figure within 10% of which the minimum acceptable price (reserve) would fall. A guide price is different to a reserve price (see separate definition). Both the guide price and the reserve price can be subject to change up to and including the day of the auction.

RESERVE PRICE

The seller's minimum acceptable price at auction and the figure below which the auctioneer cannot sell. The reserve price is not disclosed and remains confidential between the seller and the auctioneer. Both the guide price and the reserve price can be subject to change up to and including the day of the auction.
