

**30 Hillside, Derby, DE74 2NH**

**Offers Over £250,000**

An Exceptional Commercial Opportunity in the Heart of Castle Donington. Positioned on Hillside, right in the centre of the ever-popular village of Castle Donington, this beautifully refurbished commercial property offers outstanding visibility and excellent footfall. Currently operating under D1 usage, it has long been a much-loved community hub, home to a range of parent and toddler groups, fitness classes, art sessions and more.

One of the property's standout advantages is the comprehensive, high-quality refurbishment carried out by the current owners. The main hall/primary space is presented to an excellent standard and is highly adaptable, making it suitable for a wide range of business types and community uses. In addition to the main hall, the property includes W/C facilities, ample storage, and an office/stock room complete with a newly fitted kitchenette, offering flexibility and convenience for incoming occupiers.

A further highlight is the large outdoor space, fully renovated and featuring an impressive composite decking area which is a rare and valuable asset for commercial premises in such a central village location. The current owners have operated the business at a limited capacity by choice, leaving significant room for growth and commercial expansion. New owners could seamlessly build on the established customer base and reputation, or repurpose the space entirely to suit their own venture.
