Sales & Lettings

90 Treloweth Way

Pool, Redruth, TR15 3TS

£259,950

Offered for sale with no onward chain, this modern detached bungalow benefits from well presented accommodation. There are two bedrooms, an L shaped lounge/diner, a kitchen and bathroom. The property is double glazed and this is complemented by gas fired heating. Externally there is the bonus of a larger than average garage, driveway parking for up to four vehicles, an open plan front garden and a good sized well enclosed south facing rear garden.

This presents an opportunity to purchase a detached bungalow in a popular location and being offered with no onward chain. The property has two bedrooms together with an L shaped lounge/diner, a kitchen and a bathroom. Externally, we must point out the fact that there is a very substantial garage larger than your normal single and this has a pitched roof, a loft with storage and when constructed it was built one block higher than normal with a slightly extended garage door therefore giving access for something taller than your average vehicle. The vendor suggests that a Volkswagen camper van would fit in there. It is well appointed with power, water, gas and a telephone socket. To the front there is a driveway with double gates effectively closing off the rear part of the property. There is also a front driveway and garden together with a well established Christmas tree. Constructed by a well known local builder, the property is set in a cul de sac and gives level access to shopping facilities, bus services, the north coast at Portreath and the golf links at Tehidy.

OUTSIDE

The bungalow has a low maintenance stone chipped exterior and there is an open plan front garden with a centrally positioned Christmas tree that has been there for some years. The side provides plenty of parking and double gates open onto further parking and turning facilities. There is a substantial GARAGE 4.54m x 6.00m (14'11" x 19'8") which has been extensively fitted with a substantial work bench and vice, storage and also a 30amp electric supply which we understand makes it suitable for perhaps a mig welder. There is a tall up and over door, a side pedestrian door and a window overlooking the side garden. The rear garden is lawned for the most part, is well enclosed and has some borders. Up to date electrical and gas certificates are available.
