Ideal for first time buyers or investment purposes, this modern end terraced house is situated in a convenient location close to amenities. The accommodation offers two bedrooms with a first floor bathroom, an open plan lounge/diner/fitted kitchen and the bonus of a ground floor cloakroom. The property is double glazed and this is complemented by mains gas heating. Externally there is driveway parking to the front and a well enclosed low maintenance rear garden.

Built in 2018 and therefore benefiting from a remaining NHBC warranty, we are very pleased to bring to market this two bedroom end of terrace house, set within a cul-de-sac in a most convenient location that would make an ideal first family home or as an investor property. Internally, a convenient entrance hallway is complemented by a downstairs WC with a wash hand basin. Thereafter, a door opens out into the open plan kitchen/lounge/diner that gives direct access to the rear garden via patio doors. A quarter winder staircase leads to the first floor landing from where the two double bedrooms are accessed and these are complemented by a family bathroom that includes a thermostatic shower over the bath. The property has gas central heating complemented by double glazing throughout. Externally, to the front, there is a driveway with allocated parking for one vehicle whilst other street parking is available nearby if required. To the rear, there is a fully enclosed low maintenance garden which is a safe haven for both children and pets alike. Located in a modern residential development, the property is close to the town centre and there is also a major supermarket within a short walking distance. Furthermore, there are excellent transport links including a mainline railway station and bus services.
