

Penlea, 3 Woodlands Terrace

Lanner, Redruth, TR16 6HQ

£195,000

Situated in the centre of the popular village of Lanner, this substantial terraced house would now benefit from some updating and modernisation. The family sized accommodation offers four bedrooms, two separate reception rooms, a kitchen, a rear sun room/utility and a family bathroom. Externally there are enclosed low maintenance gardens with the bonus of several outbuildings and a garage in a block.

We would like to offer for sale this four bedroom mid terrace property located in a particularly popular village location which offers convenient access to surrounding towns, beaches and other places of interest. In need of some modernisation, this property retains a number of characterful heating features, including an open fireplace, a Parkray solid fuel fire providing additional warmth, and furthermore, a coal fired Rayburn serving the kitchen ... all ideal features for those who appreciate classic, multi-fuel heating systems! Set back from the road, the front door is accessed via a storm porch. There is a reception room to the front of the property which has the open fire set on a tiled hearth with a tiled surround. The rear reception come dining room has the Parkray set on a tiled hearth with a tiled surround. The kitchen is in effect a three part layout, the initial part accessed from the hallway which leads through to the main area whilst the current vendors have utilised the sun room/utility for additional kitchen space. There is a downstairs bathroom accessed from the middle area of the kitchen which has the added bonus of a separate shower cubicle. The bathroom also has a radiator served by the Rayburn. To the first floor, there are four bedrooms, two to the front and two to the rear. The larger of the bedrooms at the front of the property benefits from a full length built in wardrobe. Externally, the front of the property is accessed from the pedestrian pavement up to the storm porch. The front garden is low maintenance with the addition of a planting area and a small pond. The rear garden is very low maintenance with a split level patio. There is a good sized shed come workshop, a block built coal bunker and a block built outbuilding currently serving as a utility room with space and plumbing for a washing machine and tumble dryer. A gate to the rear gains access to a shared pathway. There is a separate garage within a block off a lane up behind the property and being within a short walk. In terms of location, Lanner village offers public transport connections, a convenience store, a fish and chip shop and a bakery. There is also a petrol station with additional shopping facilities. Lanner is always considered a popular location and there is a well thought of primary school within a short walking distance. Further afield, Redruth town centre is a short drive of just over two miles where many local amenities can be found along with a mainline railway station offering services to London amongst other destinations. Further afield, the centres of both Truro and Falmouth can be reached in around twenty five minutes or less by car. The location also offers opportunities for walking and exploring the local countryside including access to Carn Marth, the second highest point in the county that offers tremendous 360 degree views across to both coasts on a clear day and can be reached on foot in around thirty minutes.

Wooden front door with a single obscure glazed panel and an obscure glazed panel above opens to:

HALLWAY

Creda night storage heaters and stairs to the first floor with an understairs storage cupboard.
