Gorse Lane, West Kirby, CH48 8BH

Offers Over £1,000,000

4 Bedroom 2 Reception 3 Bathroom

No. 38 Gorse Lane is one of just two substantial new homes being built in this sought-after West Kirby setting, and the views are something special. Far-reaching countryside stretches out behind the house, enjoyed from the main living space, elevated porcelain terrace and Juliet balconies upstairs. At 2,733 sq ft, with four bedrooms, a double garage and larger-than-average garden, this is a rare opportunity with no onward chain and the possibility of moving in before Christmas.

Step inside and the attention to detail is immediately obvious. An impressive entrance hall and oak-and-glass staircase set the tone, leading through to a superb open-plan kitchen, dining and living space designed around those views and opening directly onto the terrace and garden. There's also a large family lounge, study/snug, utility and WC. Upstairs are four generous bedrooms, two luxurious en-suites and a stunning family bathroom, with Juliet balconies making the most of the outlook.

Buy now and you can even put your own stamp on it. A generous £35,000 material allowance covers the kitchen and utility, including integrated appliances, with your choice of doors, colours, handles and worktops.

The specification is equally impressive: with top of the range Stiebel air source heat pump, ground-floor underfloor heating, substantial floor insulation, triple-glazed aluminium windows, natural slate and low-maintenance external finishes. Outside you'll find the double garage, EV charging point, under-balcony storage, raised terrace and generous garden, all backed by a 10-year NHBC warranty.

Gorse Lane puts excellent schools, shops, cafés and restaurants, the station, beach and Marine Lake within easy reach. With only two homes being built, chances like this don't come along often.
