A gated driveway provides ample off-road parking and leads to a double garage with up-and-over door. The gardens lie mainly to the front and rear and are laid predominantly to lawn. The plot size offers scope for further landscaping, extension, or potential subdivision (subject to planning).

Development Potential

The property benefits from a substantial partially converted loft space, already fitted with multiple skylights and windows, offering significant scope to expand the existing accommodation, subject to the necessary permissions. The overall size of the plot also presents potential for further extension or reconfiguration, making Glenaveen ideal for purchasers seeking a project, multi-generational living space, or an opportunity to add long-term value in a highly desirable coastal location.
