Property Summary.

Built in 1965, the house boasts a stunning loft conversion that stands out as one of the finest we have encountered in our 34 years of experience. This loft space features an ensuite shower room with a double shower, providing a private retreat for the occupants. The room has a "Juliette" style balcony with views towards Windsor Castle. The downstairs living area is generously proportioned, significantly larger than many neighbouring properties, and includes a spacious extended kitchen that serves as the heart of the home, ideal for family gatherings and entertaining.

Additional features include a convenient downstairs W.C. that cleverly houses utility items, making it perfect for winter drying and storage. The beautifully appointed living room at the front showcases original parquet herringbone flooring, adding a touch of elegance to the home.

With four well-sized bedrooms, each capable of accommodating a double bed, this property is particularly suited for larger families. Its proximity to excellent local schools makes it an attractive option for families with children of all ages. Furthermore, for those commuting, the property offers easy access to the M4 motorway and Heathrow Airport, while being within walking distance of two train stations in Windsor.

This exceptional home is available now with no onward chain, making it an ideal opportunity for prospective buyers. We invite you to call today to arrange your visit and experience all that this wonderful property has to offer.
