How does Shared Ownership work?

Shared Ownership is a government scheme that offers you the chance to buy a share of a property from a local authority. Because you only own a part of the property, you can buy it with a smaller deposit and mortgage.

A smaller mortgage means smaller repayments but you'll also need to pay:

- rent on the share of the property you do not yet own
- monthly service charges

Shared Ownership homes can be new builds, existing properties, houses or flats. All Shared Ownership properties are leasehold, even houses.

Shared ownership information

Shared ownership is a part buy part rent property from a registered landlord
You purchase a share with the help of a mortgage based on your affordability.

Open Market Value: £305,000
