Shared Ownership Information

Shared ownership is a part buy part rent property from Two Rivers Housing. You purchase a share with the help of a mortgage based on affordability and the minimum share being sold.

- OMV - £287,500
- 30% Share - £86,250
- Rent on remaining share - £461.20pcm (please note the rent element of this payment will increase every April)
- Management Fee - £28.75pcm
- Buildings Insurance - £17.31pcm

How does Shared Ownership work?

If you bought a home on the open market, you would agree a purchase price through an estate agent. Then you would take out a mortgage to cover the total purchase price of the property minus any deposit you might have available. With Shared Ownership, the price of the property is fixed at the open market value, as assessed by a qualified valuer. You borrow just enough to cover the share you are buying. This is referred to as equity share.

The equity share amount will be an amount that you can afford, as set out under government guidelines. The total monthly cost of the rent, plus your mortgage, will be lower than the monthly cost if you bought the property outright with a mortgage.

For legal reasons, while you are only buying a part-share of the property, you will have a leasehold interest. However, you may buy further shares. This is called 'staircasing', and may eventually progress to outright ownership.
