How does Shared Ownership work?

Shared Ownership is a government scheme that offers you the chance to buy a share of a property from a housing association, a non-profit-making body that provides homes. Because you only own a part of the property, you can buy it with a smaller deposit and mortgage.

A smaller mortgage means smaller repayments but you'll also need to pay:

- rent on the share of the property you do not yet own
- monthly service charges

Shared Ownership homes can be new builds, existing properties, houses or flats. All Shared Ownership properties are leasehold, even houses.

Shared ownership information

Shared ownership is a part buy part rent property from a registered landlord. You purchase a share with the help of a mortgage based on your affordability.

- Rent - £431.77 (Rent from increase in April 2026 - £453.35)

The more you buy the lower your rent will be. These costs will increase each year with inflation.
