FOR SALE:

This spacious, family home features a generous size living room with bay window and feature fireplace. There is an archway to the extended dining/family room which retains the original panelling and serving hatch, whilst the remainder has dual aspect windows and patio doors leading to the garden. There is a separate, good size comprehensively fitted kitchen which also overlooks the garden. Upstairs are three well proportioned bedrooms, a family bathroom with white suite and separate WC. Outside, the front garden is well screened by mature shrubs and bushes and has side access to a secluded south facing rear garden which is mostly laid to lawn. A particular feature is the large garage (which has rear vehicular access and mains electricity) which could be easily converted (subject to the usual consents) into a studio/home office/gym etc. This house retains its original parquet solid wood flooring throughout the entrance hall and possibly in the living room and part of the dining room. An early viewing is highly recommended to appreciate the space and potential to further extend to create an impressive property which is being sold with the benefit of no onward chain.
